

# Postgraduate Training in Psychiatry Queensland

The objective of the Postgraduate Training in Psychiatry (PGT) is to coordinate and support best practice postgraduate specialist training in psychiatry within Queensland which satisfies the requirements of the Royal Australian and New Zealand College of Psychiatrists (RANZCP). PGT is a state-wide team that supports trainee pathways to RANZCP Fellowship, including:

- Coordinating supervisor training and accreditation
- Overseeing accreditation processes for training sites and positions
- Overseeing selection of trainees into the QLD RANZCP Program
- Supporting and monitoring trainees on the pathway ensuring RANZCP requirements are met
- Conducting statewide formal education courses and RANZCP assessment specific support

The PGT staff can put you in contact with the relevant Director of Training (DOT) for your service or the Directors of Advance Training (DOAT) for the Stage 3 advanced certificates.
