

Preference guide for new applicants and current pathway trainees

To be considered for a pathway position, you must complete the specific pathway questions in Step 6 of the RMO campaign online application. When completing your preference information in step 10, you must select **College/Pathway/Network (Determined)** as the first preferred facility, see the example below.

Intensive care medicine

What is your first preferred facility? *

What is your first preferred position status? *

What is your first preferred position? *

What is your first preferred Specialty? *

What is your first preferred Sub-Specialty? *

Paediatric intensive care medicine

What is your second preferred facility?

What is your second preferred position status?

What is your second preferred position?

What is your second preferred Specialty? *

What is your second preferred Sub-Specialty? *

First preferred specialty may be intensive care medicine OR paediatric intensive care. For further information about the pathway application process, refer to the [Queensland ICU Training Pathway](#) webpage.
