Gold Coast Lifestyle

Located in the lower southeast corner of the state of Queensland, the Gold Coast has traditionally been one of Australia's leading leisure destinations.

The Gold Coast offers the opportunity to combine professional advancement, job satisfaction and relaxation into one fulfilling lifestyle.

RMO Education & Training Opportunities

The Gold Coast University Hospital and Robina Hospital are teaching facilities for doctors. Gold Coast Health is now training more medical students than any other hospital in Australia and more than 90 interns commence their professional career with us each year.

We continue to work with education providers such as Griffith University and Bond University on the Gold Coast, and University of Queensland in Brisbane to train our future health workforce. Regular education and SIM sessions are conducted in the clinical areas, large group and small group settings in which all junior doctors are encouraged to attend.

You will be supported with your learning needs and provided with regular assessment and feedback to assist you achieve your professional goals. Junior doctors will be encouraged and supported to become involved in research and teaching, as research and education are priorities in GCH.

Major construction projects
