# Welcome Message

On behalf of the Metro North Hospital and Health Service and The Prince Charles Hospital, we are pleased to invite applications to join our Internship Program.

## 3C --- CONNECTION --- CELEBRATION --- COMPASSION

An internship at The Prince Charles Hospital offers an exceptional foundation for your medical career, providing a supportive and structured environment where you can grow both personally and professionally during your first postgraduate year.

Our experienced clinical leaders are committed to mentoring and guiding our interns, fostering an environment of learning, collaboration, and excellence in patient care.

The program is designed to give interns a broad and well-rounded clinical experience across a variety of specialties, ensuring the development of core competencies and clinical confidence. Interns are encouraged and supported to explore their interests and develop skills that will prepare them for Postgraduate Year 2 and 3 positions, and ultimately for entry into vocational training programs.

The National Medical Training Survey confirms that 92% of Interns rate TPCH as a great place to train.

# Metro North Health

Delivering outstanding health services is just one of the ways that we care for our community. Our passion for people is reflected in the way we do our work and live our values every day. We value and nurture our team members so they can provide quality value-based care to our patients across our diverse organisation. Our focus on Value Based Healthcare means we expect our staff to deliver the care the patient needs, no more and no less, to achieve the best quality of life for our community. This passion fuels our collaborative culture of innovation and research.

We embrace the diversity of local and greater communities as we provide services to people throughout Queensland, northern New South Wales, and the Northern Territory, in all major health specialities including medicine, surgery, mental health, cancer care, trauma, women's and

newborn care, and more than 30 sub-specialities. Metro North Health services include rural, regional, and tertiary hospitals, and community and oral health services.

We bring together Metro North Institutes, by supporting them as they advance knowledge and technology to transform personalised healthcare and accelerate the translation of research into clinical practice. Our current institutes include Jamieson Trauma Institute (JTI), Genomics Institute (GI), Herston Biofabrication Institute (HBI), Herston Infectious Diseases Institute (HeIDI) and the Comprehensive Breast Cancer Institute (CBCI). Planning is underway for the Neurosciences Institute and the Heart and Lung Institute. [www.metronorth.health.qld.gov.au/hospitals-services](http://www.metronorth.health.qld.gov.au/hospitals-services)

Our diverse Health Service provides a wide variety of rewarding career paths across our tertiary/quaternary referral hospitals, secondary hospitals, community health centres, residential and extended care facilities, and regional community hospitals. We expect our staff and volunteers to translate our values into action through providing high quality connected care that is relevant, efficient, and respectful of our patients' needs and wishes. Our people are passionate about our community and patients, with a focus on putting people first. Come and work where people are at the centre of everything we do, and your contribution is truly valued.

- Manages complexity

# The Prince Charles Hospital

The Prince Charles Hospital is a 700-bed major tertiary referral hospital located at Chermside within Metro North Hospital and Health Service, 10 kilometres north of the Brisbane CBD.

With a long-standing reputation of delivering excellence in health care, The Prince Charles Hospital provides care over a broad range of specialties including: Cardiac and thoracic medicine and surgery, Emergency medicine - adults and children with over 115,000 annual attendances, General medical and general surgical services, Orthopaedic joint surgery (elective) as well as the largest Neck of Femur service in Queensland, Acute geriatrics and rehabilitative medicine, Children's inpatient and outpatient services Comprehensive and integrated mental health service as well Palliative care.

The Prince Charles Hospital is the premier cardiac service for Queensland and northern New South Wales providing specialised services in complex interventional cardiology, structural heart disease, and cardiac electrophysiology. The hospital employs about 3,500 staff.

It is the hub for specialised state-wide services including heart and lung transplantation; adult cystic fibrosis; adult congenital heart disease; advanced heart failure; percutaneous valve therapies and complex cardiac care.

The Queensland Indigenous Cardiac and Respiratory Outreach Programs are based at The Prince Charles Hospital.

The Prince Charles Hospital is an active centre for education and research and is involved in numerous national and international research trials and projects.

The Northside Clinical Unit campus of The University of Queensland is located on this campus along with the Queensland University of Technology Mechanical and Biological Engineering Facility.

The Australian Catholic University has established a Professorial Chair in Nursing Research on this site.

There are leading clinical and translational research programs, particularly in the fields of cardiac thoracic medicine and surgery, critical care, and orthopaedics.

The site is a major training site for cardiothoracic subspecialties.

Enquiries can be made to either:

Kelly Bolton, Senior Medical Education Officer, Medical Education Unit, The Prince Charles Hospital, Metro North Health, telephone (07) 3139 4870 or email [kelly.bolton@health.qld.gov.au](mailto:kelly.bolton@health.qld.gov.au).

Donna Faulks, Manager Medical Workforce Unit, The Prince Charles Hospital, Metro North Health, telephone (07) 3139 5435 or email [TPCH-ManagerMWU@health.qld.gov.au@health.qld.gov.au](mailto:TPCH-ManagerMWU@health.qld.gov.au@health.qld.gov.au).

All applications must be submitted online. Go to Queensland Health Careers [Applying for an internship | Careers](#).

This role is a full-time position; however, flexible working arrangements may be negotiated. Please discuss your personal circumstances.

# About Brisbane

Brisbane is the sunny, sophisticated capital city of Queensland and gateway to its many famous attractions. It is Australia's third largest city and fastest-growing capital with a population of more than 2.2 million, offering a safe, friendly, multicultural environment. The inner city is characterised by the Brisbane River, parklands, convention facilities, museums, art galleries, a casino, malls, shopping districts and a host of cosmopolitan restaurants and cafes.

Brisbane offers a range of lifestyle benefits including climate, culture, family fun and sport. Residents and visitors can combine art and outdoor adventure in Brisbane, where South Bank's cultural institutions and restaurants meet riverside gardens and aragonite a paddle steamer or ferry down the Brisbane River, abseil Kangaroo Point cliffs and bike ride through the City Botanic Gardens. Go for a day trip to Moreton Island, Noosa, the Sunshine Coast, or the Gold Coast with just a short drive to each beautiful destination. National Parks, rainforests, and attractions such as Australia Zoo, Dreamworld and other theme parks are also short drive away.

The perfect place to raise a family, Brisbane is one of the safest cities in Australia and boasts a wide range of cultural attractions, numerous theatres, art galleries and a world class museum; the city is dubbed a food and drink lover's paradise. Brisbane is one of Australia's most liveable and affordable capital cities. Brisbane enjoys a subtropical climate providing sunny days almost all year round, with enough rainfall to keep the city and suburbs cool and green.

Just an hour south of Brisbane's CBD is the Gold Coast, where the high rises are built around superb beaches like Surfers Paradise with lively nightlife, international theme parks and designer boutiques. A few hours' drive north from Brisbane is the Great Barrier Reef, one of the 'natural wonders of the world'. As the largest World Heritage Area, it stretches more than 2000 kilometres alongside the coast, and is home to around 1500 species of fish and 350 types of coral. Stradbroke, Moreton and Fraser Islands are also world-famous attractions that are close to Brisbane and offer some of the largest dunes in the world.

## A leader in education

Brisbane has a wide range of high-quality public and private schools at primary and secondary level, religious or non-denominational, single-sex or co-educational, with many offering excellence programs or other specialty features such as the International Baccalaureate. Brisbane also offers some of the greatest learning institutes in Australia, with three major internationally recognised universities on offer. Each of the universities in Brisbane offer a high-quality learning environment with access to some of Australia's finest institutions covering all areas of study from law and medicine through to business, marketing, tourism, IT and biotechnology.

## Lifestyle

In the heart of Brisbane city, Queen Street Mall is a vibrant shopping and lifestyle precinct and is Australia's most popular pedestrian mall. Brisbane is also the home for many of Queensland and Australia's major sporting events in rugby league, rugby union, AFL. The inner-city cultural precinct is home to opera, ballet and stage shows, while the international airport allows access to many destinations. Queensland is a beautiful state, with world class beaches within one hour's drive. The weather is generally perfect with 300 days of sunshine annually.
