## Selection Criteria

Applicants must address the selection criteria below. Your success in being short-listed for an interview is based on how effectively your application aligns with the selection criteria.

Your response to the selection criteria must highlight your specific skills and knowledge, or your ability to develop these. It is important that you address each of the selection criteria and it is recommended that you provide at least half an A4 page (but not more than one full A4 page) for each selection criteria.

**Selection Criteria 1:** What is Nuclear Medicine, and why are you interested in pursuing a career in Queensland as a Nuclear Medicine Scientist?

**Selection Criteria 2:** Provide examples where you've showcased your organisational skills, initiative, and self-motivation.

**Selection Criteria 3:** Person-centred care is widely recognised as a foundation to safe, high-quality health care. What is person-centred care and why is it important for health professionals to apply it in their practice?

## Declaration

I confirm that all responses provided in this application are entirely my own work. I have not used artificial intelligence tools to generate any part of my responses, and I affirm that all information included is accurate and complete to the best of my knowledge.
